WELCOME TO FLOTUS, With our extensive range of bathroom solutions...

FLOTUS faucets keeps innovating designs and leads bathroom fashion to meet the demands of contemporary users. FLOTUS constructs faucets into modern living space with product series and accessories from a whole new perspective. The exquisite appearance, functions and structural designs of FLOTUS products bring about excellent experience for user, highlighting comfort and convenience in bathrooms. Based on outstanding quality, FLOTUS faucet integrates with a high degree of comfort and unique innovation designs and provides more choices in order to meet the expectation for high quality bathrooms.

FLOTUS always explores users demands, provides practical and intimate function designs and brings bathroom experience with tangible benefits, faucets with comfortable and water saving features, easy and safe operations, constant flow under fluctuate water pressure, shower sets with diverters saving space. FLOTUS's design culture also integrates with more function innovations and ensures simplistic, smooth and elegant styling of faucets at the same time.

FLOTUS has been diving into researchers for many years, aiming at better shower comfort through providing millions of quality bathroom products for many years. It is believed that our bathroom needs comfort and elegance more than exaggeration and excessive luxury. FLOTUS comfort comes from the perfect balance among quality, technology and design. It is a combination of quality materials, advanced manufacturing techniques and function innovation. Moreover, FLOTUS value proposition on its way to become a global faucetware brand.

Company Profile

Flotus is a premium brand dedicated to redefining bathroom experiences through exceptional design and quality. With a focus on style, functionality, and long-lasting performance, we offer a refined range of bathroom accessories – including faucets, towel bars, robe hooks, and soap dispensers.

Our products are crafted to complement contemporary interiors, blending precision engineering with minimalist elegance. Whether for residential or commercial use, Flotus stands for reliability, innovation, and timeless appeal.

THE HEART OF
FLOTUS FAUCET

MANUFACTURING PROCESS

MANUFACTURING PROCESS

Casting

A raw and inconspicuous brass bar, the raw material melts in the furnace at over 1000 degree centigrade, the liquid metal now takes on a recognizable form. All these Casting Machine.

Machining

The faucet goes to Machining process. This is computer controlled process. Our cutting-edge machine and experienced workers ensures the gravity casting body has all it's surfaces finished to a high degree of smoothness

Polishing

The faucet enters the polishing stage: The rough casting is polished by hand, to ensure that the surface has an impressive shine, all fit surfaces and edges are polished manually. Automatic polishing machine is also used to increase the production capacity.

Plating

The brass faucet are placed in an electrolytic immersion bath. In one of the most modern plating systems, the faucets now receives a brilliantly shiny chrome layer that ensures long lasting durability. It immerses in several electrolytic baths up to an hour.

Assembling

A single Swing faucet comprises almost 30 individual components. In the final assembly, the specialized workers assemble all parts together. No products leaves the factory without fist being tested for leaks and optimum spray performance.

CUSTOMER GUIDELINE

Warranty

Condition Of Warranty

The product is warranted by FLOTUS to be free of defects in material and workmanship for a period of 7 years from the date of purchase. During this period and under normal use,

If product is found to be of faulty manufacture, the same will be repaired or replaced upon proof of purchase, at our option.

7 years warranty of faucets body, spindle warranty 2 years in normal use and 1 year in commercial use. Water TDS is more than 500, warranty not liable, in hard water warranty not liable.

The warranty will be void and not valid, and FLOTUS will have no liability if :

- The product is not installed, operated or maintained and serviced in compliance with instruction and recommendations of FLOTUS for trouble free fittings.
- Modification, repairs or service are made to the product, nature of the product/logo has been altered, defaced or removed, or the warranty card has been altered.
- If Customer Miss Behaviour Talking with Company Than Company Not Responsible for Service , Keep Calm Company Give You Proper Product But Garbage Comes in Your Water Thats Why Product Leakage .
- The product has been installed and operated outside its designated plumbing conditions and parameters.
- The product damage due to acid cleaning or acid gas affected to product chrome finish.

Note:

Company reserves the right of change or alter of product design or material in view of improvements without prior notice. completion of warranty card with above details are mandatory requirement for availing warranty service.

Care & Cleaning Guideline

- to ensure uninterrupted pressure of water, it is advisable to keep the pipelines with minimum number of bends, which will support smooth flow of water.
- all the supply lines must have vent pipes. these vent pipes help in removing air-locking in the water supply to give a smooth flow of form the fittings.
- use 25mm pipelines rather than 20mm which will help in overcoming scaling inside the pipelines and will sufficient space for the water flow.
- prior to plastering or fixing tiles, test the working of all the installed concealed fittings on a high pressure to check for leakage insert, if any.
- clean the aerators provided in the items at regular intervals for a perfect foam flow of water from the fittings.
- clean the fittings regularly with normal soap or remove scaling or stains. do not use strong detergents as this may cause damage to the chromium finish used on all company products.
- do not use harsh cleaning agents containing abrasives and acids. instead, use a soft sponge or wet cloth with soapy water or diluted vinegar to protect the colour coated finish.
- look For Flotus logo on all products.
- do not allow water spots to dry fixture. keep the surface clean and dry after use.
- never use cleaners with bleach, abrasives, or vinegar. never use any type of abrasive pad or sponge.

Please Note :

- we are Committed to providing you with the best quality and cosmetic finish to your sparkling new faucet each time, every time. please ensure the installer, technician or plumber handle and install the product with due diligence. it is very easy for someone to blame a third party if the product is damaged.
